

East Nissouri 4-H Dairy Club - New Members Welcome!

If you are interested in cows, agriculture, and having lots of fun, please come check out our 4-H club!

We have meetings at different dairy farms between early spring and late summer where we teach members how to train their calves, feed them properly, wash and clip their hair, judging, and learning all aspects of dairy farming throughout the season. The 4-H Motto is used throughout the season showing members a “Learn to Do By Doing” attitude. It is a great way to build confidence, leadership skills, become more involved in the community and make lasting friendships with other members.

In years past, we have also went on field trips visiting different types of farms and other farm-related places (research farms, an ice cream factory, organic farm, pioneer village, genetic breeding facilities, etc.)

4-H also offers opportunities to members for great scholarships, leadership camps, and exchange programs allowing you to visit other provinces, and even other countries!

If you do not have a calf, but would like to join, we will supply one from a farm willing to let you borrow one to use as your 4-H project.

Members need to be between the ages of 9-21 years old as of Jan. 1, 2018.

The membership fee is \$85.00, which allows you to do as many clubs as you like throughout the year aside from the dairy club. The East Nissouri 4-H Dairy Club has been running for the past 69 years, and we hope to help it continue for many more! Many members of the local communities have been involved over the years – maybe even your parents, siblings, aunts, uncles, and neighbours! Our area is fairly broad and we have members from Uniondale, Medina, Embro, Thamesford, Kintore, Ingersoll, and even a few from Woodstock.

We will be starting up the club shortly. If you would like to come to the first meeting to see if this is something for you, we would be glad to have you.

Please contact us for more information!

East Nissouri 4-H Leaders,

Nicole Barnett, Racheal Kettlewell, and Katelyn Fraser.
