RECOMMENDATION:

For Council consideration.

BACKGROUND & COMMENTS:

The 2023 Operating Budget presented to Council proposes a tax levy of \$7,346,437 representing 9.32% increase.

Report 2022-217; 2023 Capital Budget presented to Council with amendments totals \$3,005,180 from taxes.

Combining both Capital and Operating Budgets, the overall budget reflects an increase of \$10,351,167 from taxes; for an increase of 8.15%.

Operating Budget

The 2023 Operating Budget document includes:

- 1. A written summary report based on the activity for the department
- 2. A summary of each department's tax levy requirement
- 3. A detail listing of for the department

Tax Impacts

The tax rate is set once the budget has been passed by Council. For Council's information, the following reflects the tax rates for the last 5 years:

Table A

| YEAR | Tax Rate | % Increase / (Decrease) |

Council Date: Regular Council - 21 Dec 2022

As highlighted in Table A, the residents of the Township of Zorra have experienced very low if not decreases to the the municipal tax rate portion. (These rates do not include the tax rates set by the County of Oxford or Education).

Based on the 2023 Budget presented to Council and the assessment growth for the municipality for 2023, the estimated tax rate for the Township's portion would be 0.00588018; a 6.72% increase over 2022. This is in line to Canada's inflation rate of 6.9% last recorded.

The average increase in municipal taxes for residents from 2018 to 2022 is 1.61%. When including 2023 in the average, the average increases to 2.46% over 6 years.

The impact to an average home and farm are shown in Table B and the potential increase on the Township's portion of their taxes.

Table B

| Description | Value of Property | 2022 Taxes | 2023 Taxes | Increase |
|-------------|----------------------|------------|-------------------|----------|
| Residential | \$500,000 | \$2,755 | \$2,940 | \$185 |
| Farm | \$1,525,000 | \$1,830 | \$1,952 | \$122 |

The Building Department continues to strive to ensure that all building applications are processed and inspections are completed in a timely fashion.

The Building Department underwent a fee study and as a result of the study, building permit fees were adjusted for 2022. By-Law 2022-57 was amended to reflect the new fee structure.

- The Township is expecting a surplus for 2022 with a record number of permits issued
- Continuation of septic permits with the majority of them completed and the Township should start to see a decrease within this area.
- Increase in wages and salary.
- The Building department has 2 full time staff; that being the Chief Building Official and a Building Inspector.
- An administrative position was added to the building department to help with the administration duties of the department. The position is shared with Corporate Services at 25% of the shared position while the remaining 75% is that of the Building Department. This position has been an asset to the organization with a quicker closing time for permits, resulting in an increase in assessments for the municipality.

- Implementation of icloud permitting software was completed in 2022. This is a web based software enabling property owners to complete their building permits on line
- with a log on ID and view permits and transfer plans electronically. The set up and first year annual maintenance fee was covered by Oxford County through their modernization grant. The Township will cover the annual maintenance cost going forward.
- Purchase 2 ipads for mobile inspections and is all part of the new icloud permitting software

Transfer from Reserves

- A transfer of \$77,393 from reserves to recover the overall building department expenses and to require a zero tax levy.
- A transfer of \$55,000 from reserves towards the purchase of a new electric truck for 2023
- This will leave a balance of approximately \$209,560 in the reserves and does not reflect the surplus for 2022 at this time.

Capital

 The purchase of a new electric truck is scheduled for 2023 and to be funded from reserves

- Increase to wages and Benefits
- Debentures for drains will be offset with funds collected through taxation as a local improvement
- Consulting fees for the storm management system for the settlement areas of Embro and Thamesford
 - Set up a write off account for incidents that are not covered by the property owners. This also
- enables staff to process bills efficiently and enabling affecting properties not to incur any \$5.00 or less of a charge. Thus saving staff time/postage/supplies.
